Amelleé Jewellery Size Guide

FIND YOUR RING SIZE

Amelleé ring styles:

Print this page to 100% scale using your print settings and follow the below instructions.

ROUND RINGS

To find your correct ring size for Amellee round rings, lay your finger down onto the circle. When the circle and the internal ring diameter match your finger width, you have found your correct ring size.

CUSHION RINGS

Amellee cushion rings have a square band, rather than round. Due to their square nature, we recommend purchasing One size smaller than your regular size. To find out your ring size for Amellee cushion rings, follow the above directions, and purchase the next size down.

* Measure this scale with a ruler to ensure that these sizes are accurate. The scale should be exactly 50mm
